Hospital Indemnity General Limitations and Exclusions

- In order to be eligible for coverage: Employees must be legally working: (a) in the United States or (b) outside the United States, for a US based employer, in a country or region approved by Guardian.
- The policy has exclusions and limitations that may impact the eligibility for benefits. See the certificate of coverage or contact your sales representative for full details.
- A pre-existing condition includes any condition for which an employee, in the specified period of time prior to coverage in this plan, consults with a physician, receives treatment, or takes prescribed drugs. Please refer to the plan documents for specific time periods.
- If the plan is new (not transferred): During the exclusion period, this critical illness plan does not pay charges relating to a pre-existing condition. If this plan is transferred from another insurance carrier, the time an insured is covered under that plan will count toward satisfying Guardian's pre-existing condition limitation period. Please refer to the plan details for specific time periods. State variations may apply.
- Employees must be working full-time on the effective date of coverage; otherwise, coverage becomes effective after the completion of the specific waiting period.
- An applicant must enroll within 31 days of the coverage effective date. An open enrollment will occur each year during a 30 day time period specified by the policyholder. If an applicant does not enroll during their initial enrollment period, he/she may not enroll until the next open enrollment period.
